Chapter 42

Think I'll take a crack at adding in the tone...
without looking at the outline or any of the dialogue.

What do I even say to that...
You pay me peanuts and ask me to do the impossible!
Just to be a dick!
WHY!?

NO! STOP! PLEASE! CUT IT OUT, TAKEDA-SAN!

Let's try making the heroine a little bit evil here...
Oh no... so much of the rice harvest has been lost!

You bet! 'Cause I got my deadline extended!
Shouldn't that motivate you to finish even quicker?
Shut your mouth, jackass.
You two seem to be having fun.

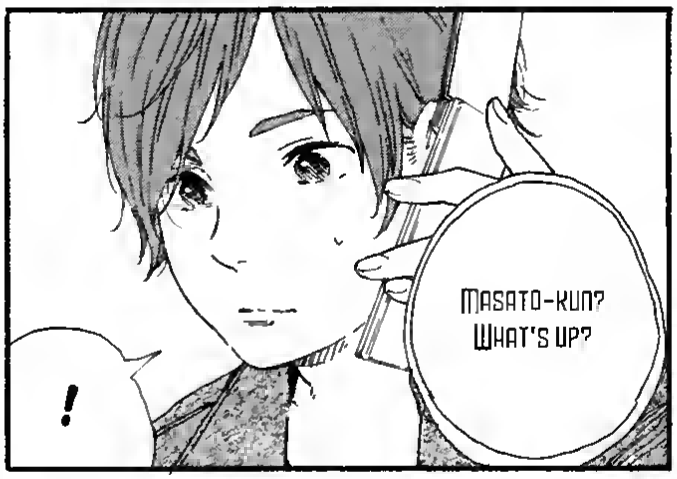
Well... I only came here because you seemed pretty bored, so...
And what? What do you want? We're busy in here.

I was thinking maybe I'd go to Tokyo.
LIKE HELL YOU WILL.

You're going after Morishita, aren't you?
...
No! I'm not. I'm going to play ping-pong.
But you suck at ping-pong!
Nomura-senpai
Masato-kun can't do anything aside from the Air Masato...
I know about it. And I know that's all you've got.
There it is! The Air Masato!
THAT'S WHERE YOU'RE WRONG! I'M ACTUALLY SOMETHING ELSE!! WAIT TILL YOU SEE MY AIR MASATO!!
You're so eager to creep out Morishita that you'd chase her all the way to Tokyo?
HMPH! WHATEVER ELSE I AM, I AM HER HIGH-SCHOOL CLASSMATE!
No no no, wait up...

No no
no no...

I'm planning on coming to Tokyo...
Wow, really?
...Are you doing something while you're talking on the phone?



!
Masato-kun? What's up?

Ahh, well... it isn't anything big, really, just...

I want to try some...
No, I'm moving there...
I'm going to live on my own.
You're coming here? To play around?
Yep! Cooking!
...
If I come, can the two of us hang out together?
Huh?
Just us two? Isn't that what you'd call a date?
We can't?

I'm not a traitor.
I don't go on dates with anybody but Senpai.
I see...
I see.

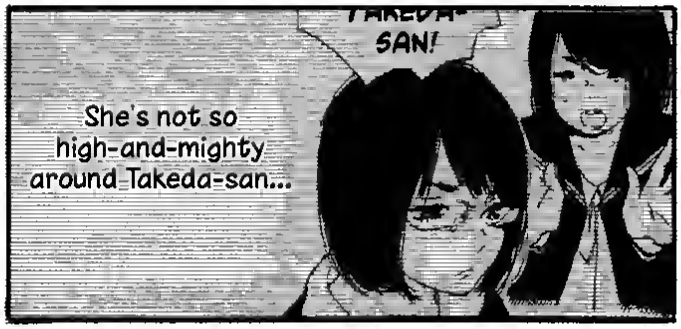
I think I've decided against going to Tokyo.

Morishita wasn't going for it?

You never stood a chance.
You had to know that, right?
Well, it's not like I need to be in Tokyo to play ping-pong...
And then, I could send all the clippings to Morishita...
So this is about her
I'm going to become a famous ping-pong player, and the local newspapers will have to write about me.

Just look at that triumphant mug!

Well, well!



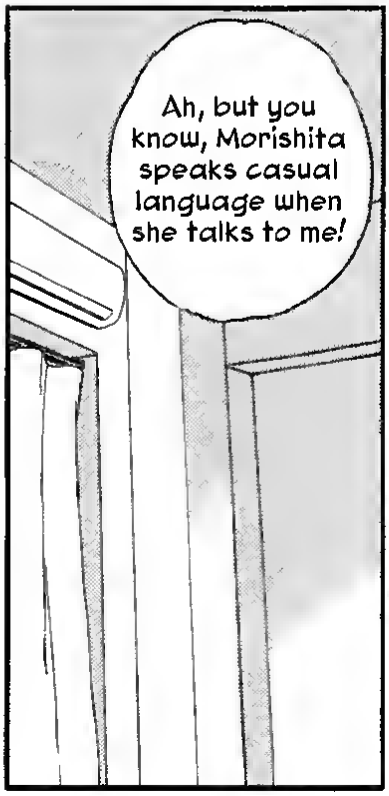
SAN!
She's not so high-and-mighty around Takeda-san...

I'M GONNA ADD TONE WITHOUT LOOKING AT THE OUTLINE TOO!!
I'll pay you. Just please don't do that.

You'll give me money?
Yeah.

Instead of money, how about you let me see Morishita?
If you gave permission, I think she'd go along with it.

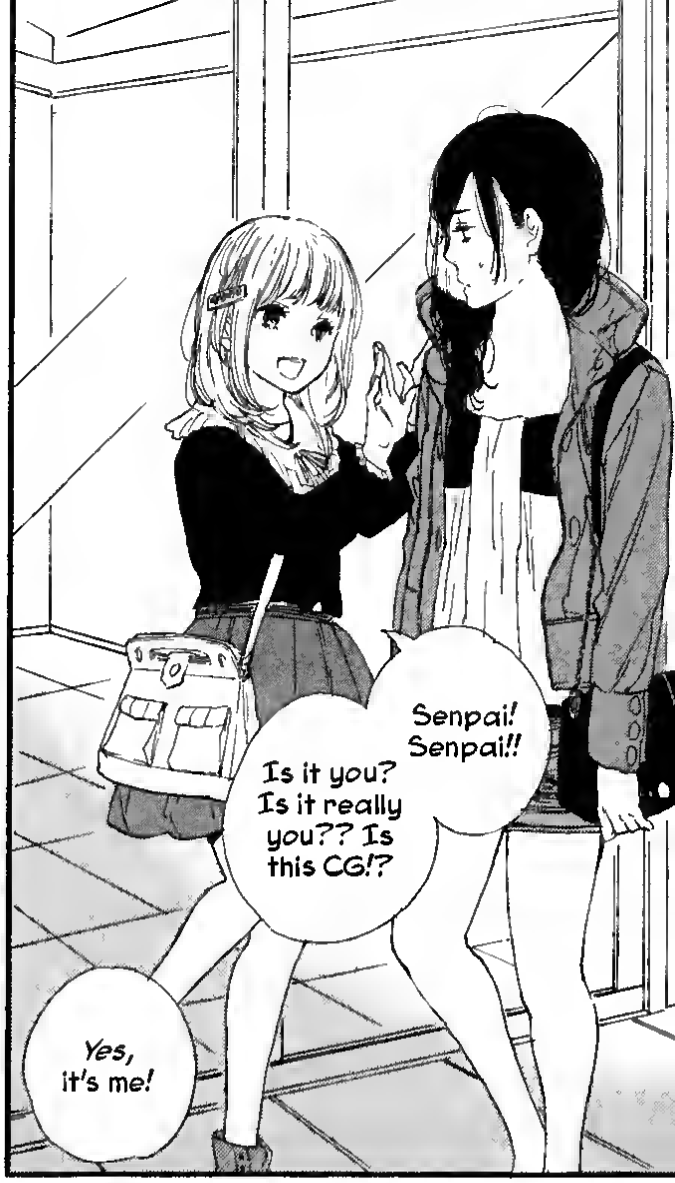
Why on earth would I want to give you permission?



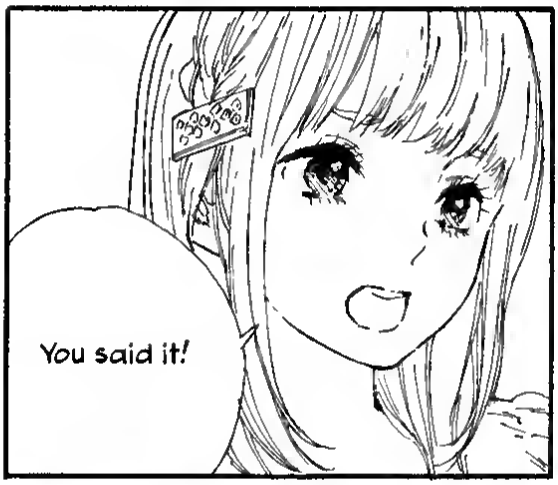
Kind of impressive he'd admit it himself...

..You're the same age. Of course she'd speak casually.
But she speaks keigo with you.
Aren't you jealous, Nee-chan?
Welp! Can't deny that!
wyaohhh! Senpaaai!!

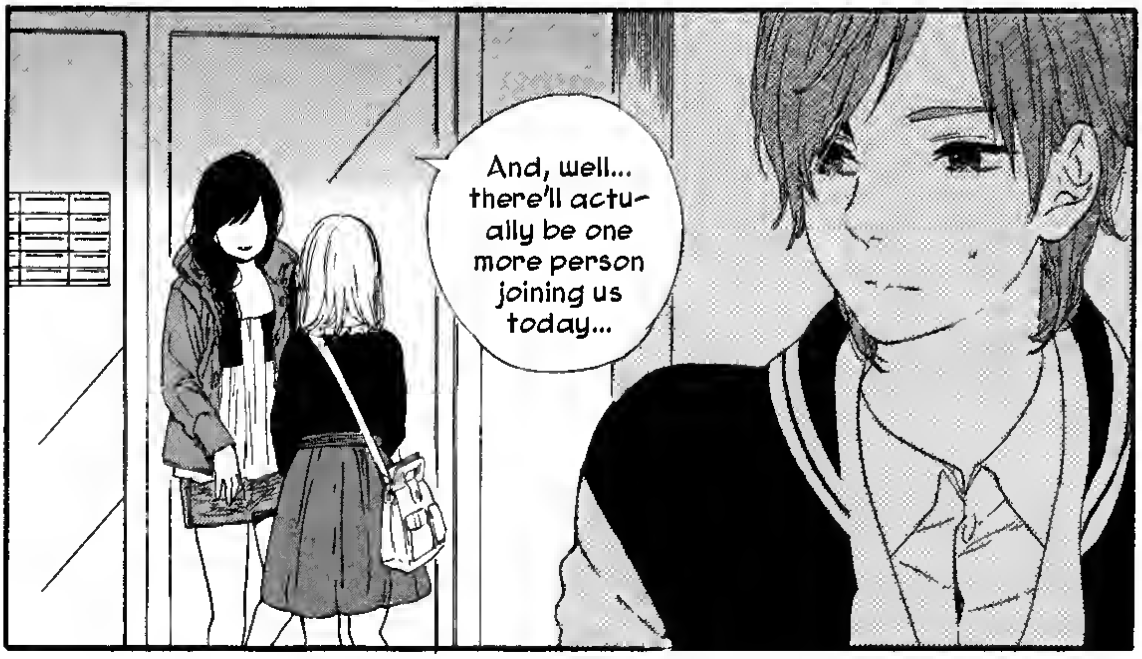
I wasn't able to come last time, so...



Senpai! Senpai!!
Is it you? Is it really you?? Is this CG!?
Yes, it's me!



You said it!



And, well... there'll actually be one more person joining us today...

It's fine if there's three people, right?
Three people...?
M-... M-... Morishita, hey... Long time no see...
No, it's not Take-da-san...
But Take-da-san's busy with her own manuscript.

But like I said, Takeda-san's busy with her *own* manuscript, so...
Do you by any chance hate Masato, Morishita?
Well!
She doesn't give a damn...
Huh? I don't really give a... I mean...
AH,
no, never mind.
Think I'll just go home. Lick some wooden chopsticks...
Yeah, sounds like a good plan.
